

NOTIFICATION FOR RESIDENTS AND BUSINESSES

Crossing Upgrade Gorman Drive

April 2022

What is being done?

We are improving the mid-block crossing at Gorman Drive, near The Anglican School Googong.

The works will include installing a 'wombat' crossing, widening and raising the centre median and installing 25km/h speed hump signs on both sides of the crossing.

Current crossing on Gorman Drive

When will the works occur?

Construction will take place in the April school holidays (11 April to 22 April) to minimise impacts to the school community.

We also expect traffic volumes to be lower in this period.

We expect to complete the majority of the project before students return to classrooms (weather permitting).

What is a wombat crossing?

A wombat crossing is a pedestrian crossing, on top of a wide, elevated speed hump.

The wombat crossing gives pedestrians right of way and increases pedestrian visibility, while the elevated speed hump and 25km/h speed hump signs help to ensure vehicles slow down and stop for pedestrians.

Impact on pedestrians

Pedestrians will not be able to cross Gorman Drive at this location while work is being done. Please follow the signs and use alternative routes.

Impact on drivers

The work will be done in two stages to maintain traffic flow in one direction. During this time, drivers should follow any traffic control or detours that are in place.

Impact on residents and businesses

There will be some noise during construction.

Construction will occur Monday to Friday, between the hours of 7am and 6pm.

Example of a wombat crossing

Map of project work

Why are we doing this work?

This safety upgrade is part of the School Zone Infrastructure Sub Program, funded by the Federal and State Government's Road Safety Stimulus Program.

The program aims to deliver improvements to pedestrian facilities around school zones.

The crossing on Gorman Drive was identified as a suitable site for safety upgrade as the location is a busy crossing, especially during school drop-off and pick-up time.
